# Work Experience

## Senior Frontend Developer & Scrum Master | Moru Digital Wallet | 2022 - Present

- Spearheaded the development and optimization of critical React Native and Electron.js applications, leading to a **40% improvement in release cycle efficiency** and enhanced product stability.
- Designed and implemented robust, scalable design systems using Tailwind CSS, significantly improving UI consistency across multiple platforms and accelerating development by **25%**.
- Functioned as Scrum Master, guiding agile sprint planning, daily stand-ups, and retrospectives, resulting in a consistent **95% on-time project delivery rate** and fostering a collaborative team environment.
- Mentored a team of 5 junior and mid-level developers, providing technical guidance and code reviews that elevated team skill sets and project quality.

- Developed internal tools and integrated AI agents (e.g., Claude API) to automate workflows, reducing manual effort and increasing operational efficiency.

## Frontend Developer | Dibtech Pvt. Ltd | 2020 - 2022

- Developed and maintained highly interactive dashboards and robust authentication systems, improving user engagement and security for key client applications.
- Engineered responsive and accessible UI components using modern frontend frameworks, ensuring optimal performance across diverse devices and browsers.
- Collaborated closely with backend developers, UI/UX designers, and product managers to translate complex requirements into seamless user experiences.
- Implemented unit and integration tests to ensure code quality and maintainability, reducing post-deployment bugs by **15%**.

## Junior Frontend Developer | Phoenix Solution | 2018 - 2020

- Successfully migrated legacy systems to modern React-based architectures, resulting in a **30% improvement in application performance** and enhanced maintainability.
- Contributed to the development of new features and resolved critical technical issues, directly impacting project timelines and client satisfaction.
- Gained foundational experience in full software development lifecycle, including requirements gathering, design, development, testing, and deployment.

## Education

---

- **Bachelor in Information Technology** | Softwarica College of IT and E-Commerce, Kathmandu | Sep 2017 - Nov 2020
- **Intermediate (Science)** | Millennium Higher Secondary School, Tansen Palpa | May 2014 - Oct 2016
- **School Leaving Certificate (SLC)** | Adarsha Higher Secondary Boarding School, Galyang Syangja | Apr 2005 - May 2013
